XceedID Prox Readers Read *Multiple* 125kHz Prox Formats

XceedID Now Offers Proximity Credentials

XceedID Proximity Credentials are:

CONVENIENT: Provide 125 kHz proximity compatible with certain HID prox formats. Easily fit in a wallet or may be used as a strapped or clipped ID badge.

COMPATIBILITY: Compatible with most HID prox card formats up to 37 bits.

NO MAINTENANCE: Passive design requires no batteries or maintenance for the life of the card.

GUARANTEED: See sales policy for complete warranty details.
